### South Bay Cities Council of Governments

November 16, 2006

TO: SBCCOG Board of Directors

FROM: Jacki Bacharach, SBCCOG Executive Director

RE: SBCCOG Transportation Capital Improvement List

Attached is the Transportation Capital Improvement Project List that was compiled after individual discussions with each of the member cities except Los Angeles. The list has also been distributed to City Managers and Public Works staff.

In advance of the Board meeting we have requested that each city review the projects on the list in their city and confirm that they are accurate and that the list is complete.

This is a working list which will be changed in order to keep it dynamic. It will be used for the SBCCOG to take advantage of the funding opportunities that are coming up now and in the next few months.

Cities are also requested to keep the SBCCOG apprised of their projects as additions, deletions and modifications are made for this list to be an effective expression of our priorities.

#### **RECOMMENDATION**

Approve attached list as the working SBCCOG Transportation Capital Improvement Project List.
