South Bay Cities Council of Governments

RE: FORMAL INVITATION TO JOIN OUR TEAM

Dear Jacki,

Please accept this letter as a formal request to become part of our team on the Dual DVD project. A description of this project is attached.

With your acceptance of this invitation, we will add your photo and your bio to our Humble Servants Team. We feel your knowledge and expertise in the subject matter will offer validity to the sponsors we are approaching. In turn, it will allow your organization to have incredible exposure as we send out this piece to potential sponsors, talk about our project with influential parties throughout California and the United States, and as we move forward in creating content for the trailer and the final Dual DVD.

Thank you for your time and your genuine interest in bringing this message to Californians. We have an opportunity to be a model to our nation.
