TO: SBCCOG Board of Directors

FROM: SBCCOG Steering Committee

RE: City of Rolling Hills Estates request for review of SBCCOG membership dues formula

At the last meeting of the SBCCOG Board of Directors, the following motion was introduced by Board member Huff and tabled to this meeting:

“I move that the SBCCOG Board members approve the request from the City of Rolling Hills Estates for a review of the SBCCOG dues formula, and that the Board asks for volunteers tonight for an Ad Hoc Committee to begin the review of the dues formula without delay. The Ad Hoc Committee will undertake this review immediately, after soliciting the participation of several COG member City Managers. The resulting recommendations should be reviewed by both the City Managers committee and the COG Steering Committee for input. The final form should be completed in a timely manner and presented to the Board of Directors for review, consideration, and approval. This process in no way requires that a change in dues be recommended by the review committee.”

RECOMMENDATION

Receive the presentation on the dues formula and discuss action on the motion.
