ENVIRONMENT

<p>AB 1672 (Bloom)</p>	<p>Solid waste: nonwoven disposable products. Would require, commencing January 1, 2021, except as provided, certain nonwoven disposal products to be labeled clearly and conspicuously to communicate that they should not be flushed, as specified. Would prohibit a covered entity, as defined, from making a representation about the flushable attributes, benefits, performance, or efficacy of those nonwoven disposal products, as provided.</p>	<p>SUPPORT (2/27/20)</p> <p>LCC: monitor CPSC: support? <p>AB 2103 (O'Donnell) Formerly AB 1694</p>	<p>San Gabriel and Lower Los Angeles Rivers & Mountains Conservancy: territory: Dominguez Channel watershed & Santa Catalina Island. Existing law establishes the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy in the Natural Resources Agency and prescribes the functions and duties of the conservancy. Existing law, for purposes of those provisions, defines "territory" to mean the territory of the conservancy that consists of those portions of the Counties of Los Angeles and Orange located within the San Gabriel River and its tributaries, the lower Los Angeles River and its tributaries, and the San Gabriel Mountains, as described. This bill would additionally include the Dominguez Channel watershed and Santa Catalina Island, as described, within that definition of territory, and would make various related changes to the boundaries of that territory.</p>	<p>RECOMMEND SUPPORT</p> <p>SUPPORTED AB 1694 (6/27/19)</p> <p>(Ltr to Sen Nat Res & Water Comm. 7/2/19)</p>	<p>3/16/20 Senate Natural Resource Committee</p>

SB 1363 (Allen)	Regional transportation plans: sustainable communities strategies: greenhouse gas emissions and vehicle miles traveled reduction targets. Would require the State Air Resources Board to provide, no later than December 31, 2022, each affected region with greenhouse gas emission reduction targets for the automobile and light truck sector for 2045 and 2050, and with vehicle miles traveled reduction targets for 2035, 2045, and 2050, and to release, no later than September 30, 2022, a draft of those targets, as specified. FINANCE

SB 795 (Beall)	Affordable Housing and Community Development Investment Program. Would establish in state government the Affordable Housing and Community Development Investment Program, which would be administered by the Affordable Housing and Community Development Investment Committee. Would authorize a city, county, city and county, joint powers agency, enhanced infrastructure financing district, affordable housing authority, community revitalization and investment authority, transit village development district, or a combination of those entities, to apply to the Affordable Housing and Community Development Investment Committee to participate in the program and would authorize the committee to approve or deny plans for projects meeting specific criteria. HOUSING

AB 3107 (Bloom)	Planning and zoning: general plan: housing development. Notwithstanding any inconsistent provision of a city's or county's general plan, specific plan, zoning ordinance, or regulation, would require that a housing development in which at least 20% of the units have an affordable housing cost or affordable rent for lower income households, as those terms are defined, be an allowable use on a site designated in any element of the general plan for commercial uses.	Monitor	Assembly Housing Committee Hearing: 3/16/20 POSTPONED
----------------------------	--	----------------	--

SB 902 (Wiener)	Planning and zoning: neighborhood multifamily project: use by right: density. Current law, until January 1, 2026, authorizes a development proponent to submit an application for a multifamily housing development that satisfies specified planning objective standards to be subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit. This bill would provide that a neighborhood multifamily project is a use by right in zones where residential uses are permitted if the project is not located in a very high fire severity zone, does not demolish sound rental housing or housing that has been placed on a national or state historic register, follows specified local objective criteria, and meets specified density requirements.	RECOMMEND OPPOSE BY RIGHT PROVISIONS	Senate Housing Committee Hearing: 3/31/20 POSTPONED

TRANSPORTATION

AB 326 (Muratsuchi)	Vehicles: motorized carrying devices. Would define a motorized carrying device and authorize the use of a motorized carrying device, in accordance with specified rules, on sidewalks and crosswalks.	MONITOR LCC: monitor	1/30/20 Senate Rules Committee for assignment
AB 2121 (Friedman)	Traffic Safety: Would require, beginning June 1, 2022, and every 6 months thereafter, Caltrans to convene a committee of external design experts to advise on revisions to the Highway Design Manual. (possible leg. for changing speed limit calculations)	MONITOR LCC: monitor	2/20/20 Assembly Transportation Committee

FEDERAL

HR 530 (Eshoo)	Accelerating Wireless Broadband Deployment by Empowering Local Communities Act of 2019. Overturns the FCC's September order preempting local authority over small cell wireless infrastructure on January 14, the day the order took effect. Would not preclude future FCC or congressional preemption of cities on wireless infrastructure, but it would halt the FCC's harmful preemption order, which ignored the input of hundreds of local governments. The bill also complements ongoing efforts to overturn the FCC order in federal courts, and the investigation by congressional leaders into alleged attempts by the FCC to thwart that litigation.
