RE: SBCCOG Representation on League of California Cities Legislative Committee

## ADHERENCE TO THE STRATEGIC PLAN:

Guiding Principle: *Represent the interests of the South Bay with other governing bodies and organizations.*

## BACKGROUND

The SBCCOG appoints one councilmember to serve as our representative on the League of California Cities Legislative Committee. That member is Gardena Councilman Dan Medina. Unfortunately, Dan has not been able to attend the meetings, which are actually monthly conference calls since his appointment began in October 2011. When this was brought to his attention, he resigned from the position so that it is now vacant.

## RECOMMENDATION

Solicit member interest for a replacement.
