RE: Recognition for Retiring Legislators

Adherence to Strategic Plan:

Goal B: Regional Advocacy. *Advocate for the interests of the South Bay.*

Background

With the November election, 4 of the South Bay legislators are leaving their offices. They are Congressman Henry Waxman, State Senator Ted Lieu and Assemblymembers Bonnie Lowenthal and Steven Bradford. Each of them has served with distinction and risen to positions of leadership.

In order to recognize their service to the South Bay, staff has extended invitations to them to attend either our January 22 Board meeting or the February 27 General Assembly. We are waiting for their responses and they might not all be for the same time.

Staff recommends that we present them with a pen set similar to the one we give our past officers when they leave public office. These sets cost approximately \$50 each.

RECOMMENDATION

Authorize the purchase of 4 Appreciation pen sets for our outgoing legislators or provide other direction.
